The PTO did not receive the following
listed item(s) NO credit card
FOR \$200

co-inventor Mariana Lopez Matas, under the provisions of 37 CFR § 1.47(b), based on the following statement of facts:

1. Mariana Lopez Matas (the "non-signing inventor") has with co-inventors Myriam Fabre, Sonia Gonzalez Menoyo and Roser Pagain I Esquius made an invention of the subject matter which is described and claimed in U.S. Patent Application No. 10/563,033, filed on December 30, 2005, and for which a patent is sought on the invention entitled, "**METHOD OF STORING AND/OR TRANSPORTING IN VITRO CELL CULTURES.**"
2. The non-signing inventor has assigned all of her rights, title and interest in the aforementioned invention and subject matter of U.S. Patent Application No. 10/563,033 to AIVCT, by virtue of an employment agreement dated 23/4/02 between AIVCT and Mariana Lopez Matas, a copy of which is attached herewith in Appendix A.
3. The filing and prosecution of U.S. Patent Application No. 10/563,033 is, and at all times has been, necessary to preserve the rights of assignee AIVCT.
4. AIVCT has diligently sought to obtain execution of a Declaration and Power of Attorney for the above-identified U.S. Patent Application, as well as an Assignment document in suitable form for recordation in the U.S. Patent and Trademark Office, from the non-signing inventor, but has been unable to locate her.
5. AIVCT has made exhaustive efforts to locate the non-signing inventor, including the following (see corresponding copies of documents attached in Appendix A.):
 - a) On May 11, 2006, AIVCT sent the documents of "Declaration and Power of Attorney" and "Assignment" to the last known inventor's address, by certified mail with acknowledgement of receipt, but they were returned.

In the letter AIVCT informed her that according to Spanish Patent Law, both the company and workers should collaborate to make effective the rights over the invention and related patent applications, and that they should abstain from any action that could be detrimental to such rights.
 - b) On May 19, 2006, AIVCT attempted to locate the address of the non-signing inventor in the Spanish Telephone Company yellow pages, but there was no listing under her name.
 - c) On May 26, 2006, the Applicant sent again to the last known address of **Mariana Lopez Matas**, the documents of "Declaration and Power of Attorney" and "Assignment" by certified mail with acknowledgement of receipt, but they were again returned. In the letter the Applicant informed her again about the obligation under Spanish Patent Law to cooperate in fulfilling all requirements for filing of patent application.
6. AIVCT does not know of any additional or other way to contact the non-signing inventor.
